

## Calligraphy Report for 8<sup>th</sup> May 2026

This month, we made our own expanding files, the perfect size for secrets and credit cards! We used our calligraphy skills to write interesting facts and sayings.

Did you know that 'ORBISCULATE' describes when juice (typically citrus) squirts in your eye or face!

Great results as the photos prove!

Next month, we'll be making impossible cards, thanks to Jennie,

Jackie Abrehart
