

The Hullbridge U3A Digital Photography Group Monthly Report By Roy Simmons

The last meeting was held on 2nd June, this month's project being interpretation of any aspect of "Textures". As you see from the images above there was an interesting and varied review.

After tea Roy reminded the meeting that we are doing an exhibition in November, the subject being "The River Crouch (from the Estuary to Battlesbridge)", we then watched two video presentations "Using Textures", and "How to create textures in post processing".

There will not be a DPG meeting in July, so we discussed the topic for the August meeting, and it was agreed that it would be "Urban Patterns and Patterns in Nature". Please submit 6 images of Urban Patterns and 6 images of Pattern in Nature for review, and any other images you would like to show.

The next meeting will be on the 4th August at 2 pm. The venue will be 59 Keswick Avenue, Hullbridge, unless otherwise notified. It is important that you let me know whether you will or will not be attending, so that I have an idea of numbers, as 10 is the maximum I can fit into my dining room.

Please note:- The Group Reports are now on the DPG Web Page that Phil Perry has created on the "U3A Hullbridge" Web Site. This Web Site can be reached using this link:-
